Proceedings of the Government of His Highness
Maharaja of Mysore.

Read:-

Government Order No. 1795-8/C.B.196-20-2 dated the 2nd April 1921 appointing a Committee to enquire into the internal administration of the Government Press with special reference to certain allegations and complaints made in a petition of the employees of the Government Press while on strike.

2. Letter No. CC.13 dated the 23rd August 1921 from Mr.C.S.Balasundaram Iyer, B.A., Chairman of the Committee submitting the Committee report.

Pres: [Signature] 7-10-21
Order No. 1989-93 / CB-196-20-11
Dated Camp Mysore the 6th October 1921.

When the employees of the Government Press went on strike in November 1920 serious allegations were made by some of the strikers against the Superintendent of the Press in a petition submitted to the Government and to His Highness. As the allegations included those of corrupt practices which were capable of verification and as the petitioners urged that they would be able to substantiate their allegations if an independent Committee was appointed to enquire into them, Government decided to appoint a Committee consisting of the - - -

Mr. C.S. Balasundaram Iyer, Officiating Director of Industries & Commerce, <u>Chairman</u> The Revenue Secretary to Government,) The Under Secretary, Finance Dept.,) <u>Members</u>	marginally noted officers to enquire into the internal administration of the Press with reference to the complaints made in that petition.
---	---

2. The Committee have gone exhaustively into the matter and examined every one of the signatories to the petition besides a number of other witnesses. The Committee have obtained also the remarks and

investigation and remedy of petty complaints of favouritism, etc. against the foremen and also some suitable procedure adopted so that each workman may know what his outturn from week to week is and how the month's wages have been calculated;

(ix) that in future the piece work staff may be allowed the benefit of provident fund somewhat on the lines in force in the Railway Department so as to encourage continued service as the present pension system is not quite profitable to the employees.

4. Government are pleased to approve generally of the recommendations of the Committee and accordingly pass the following orders:

(1) Experience has shown that the adoption of the hour account system has increased the cost of the Press establishment, out of all proportion to the outturn of work. In proposing a reversion to the piece work system the Committee have made suggestions for remedying the defects incidental to it. Government consider that with the adoption of these suggestions, as indicated below, the interests of the workmen will be fully safeguarded and accordingly direct that the piece work system be revived in the Government Press with effect from the 15th October 1921.

(2) The piece work rates with effect from that date will be generally 10 per cent higher than what obtained in June 1918. This will bring up the rates to $2\frac{1}{2}$ per cent above those that obtained in 1918. The details of the enhancement to be made for each class of work will be settled by a Committee consisting of the Superintendent, the two Assistant Superintendents and a Secretariat Officer.

(3) The constitution of an hour account branch of 20 men selected among the most experienced and senior compositors is sanctioned. The Superintendent will have discretion to increase the number up to 25 as occasion arises and to select the men to be allocated to that Branch on the occurrence of vacancies. Men once allocated will ordinarily continue in the Section until retirement.

(5) The proposals of the Committee in regard to appointment of superior class of foremen on better pay are approved. The scheme should be given effect to as vacancies occur among the present foremen.

(6) The distribution of copy and other important work which will be listed by the Superintendent should be attended to by the Assistant Superintendent or the Chief Foreman and not left to the section-holders and foremen.

(7) As regards the redress of grievances and the intimation of return to workmen Government have already issued orders that a Works Committee on suitable lines should be constituted as soon as normal conditions set in.

(8) The proposal to substitute a Provident Fund in lieu of pension in respect of all future entrants and of such of the present employees as elect the Provident Fund also meets with the approval of Government.

The Superintendent of the Government Printing is requested to submit definite and detailed proposals to give effect to the foregoing recommendations of Government at a very early date.

6. In view of the untrouced allegations of a serious nature which the petitioners have made, Government consider it necessary to take suitable disciplinary action against the signatories to the petition and accordingly direct that the ring leaders be summarily dismissed and that the other signatories be severely warned. The names of the persons to be dismissed should be reported to Government.

Government wish to place on record their appreciation of the services rendered by Mr. Ramachandra Mudaliar, during a period of great stress and under most difficult circumstances, in preventing dislocation to Government printing.

They desire also that their thanks be conveyed to the Chairman and the Committee for their thorough and minute en-

3. B. Srinivasa Iyengar, Esq., B. A.,
4. B. Puttiya, Esq., B. A.,

++++++

for comparing work

The statements showing the rates existing in 1918 and 1920 together with the statement newly prepared indicating the rates raised by 10% over those of 1920 were placed on the table. They were scrutinised ^{and compared} with reference to each other and the statement showing the current rates for adoption in future which ^{are} higher by $37\frac{1}{2}$ per cent over those that obtained in 1918 were approved. A copy of the statement is enclosed. *The piecework rates for other work need no elaborate calculation - The revised rates will be 10% above the present ones.*

The total cost of the piecework establishment of the Press as per enhanced rates now given will vary between 55 and 60 Thousand Rupees approximately per annum according to the nature and quantity of work turned out.
